Director of Public Works

**BOARD MOTION OF APRIL 26, 2011, AGENDA ITEM 34-B
SWAN LANE AT CARDINAL DRIVE, TOUCAN PLACE AT CARDINAL WAY, AND
LARK WAY AT OAKDALE CANYON
UNINCORPORATED CANYON COUNTRY AREA
MULTIWAY STOP CONTROLS**

The following is background information regarding Item 34-B on the April 26, 2011, agenda. This item is directing Public Works to install multiway stop controls at the intersections of Swan Lane and Cardinal Drive, Toucan Place and Cardinal Drive, and Lark Way and Oakdale Canyon in the unincorporated Canyon Country area.

Consistent with the Board's adopted policy, we are informing you that we performed traffic engineering studies at these three aforementioned intersections. The studies consisted of an analysis of traffic volume, speed data, a review of the current collision history on file with the California Highway Patrol, a field assessment of the project site, and a review of other pertinent data.

Based on the results of these studies, these locations did not meet the minimum criteria necessary to consider the establishment of a multiway stop control at this time. Consequently, these measures are not recommended.

If you have any questions, please call me or your staff may contact Patrick V. DeChellis, Deputy Director, at (626) 458-4004.
